## ABOUT THE TIGER TOTS PROGRAM

At Tiger Tots, we provide a safe, nurturing learning environment for children from the ages of 18 months to 6 years. Our programs have been designed to follow North American standards, and we provide age-appropriate educational goals, values, and philosophies that are implemented within a challenging and exciting learning environment. Play sets the stage for learning and provides the medium through which the children may imitate, explore, test ideas, acquire information, and draw conclusions. Our experienced, caring personnel emphasize and foster a positive self-image while encouraging uniqueness within socialization. The unique interests of each child are used as a guide for inquiries and exploration within the classroom. Tiger Tots also offers weekly gymnastics, music, and Kidzsports classes (4s and 5s), provided by

specialized TYP A instructors. In addition, Mandarin classes are available for those students who want to acquire a new language or improve their first language.

## COMMUNITY OF LEARNERS

All of our teachers are qualified educators. They work as a team to develop and implement meaningful and engaging programs for children, based on emergent curriculum planning techniques. Our teachers and educational assistants are dedicated to participation in ongoing professional development and are also committed to, and encourage, active parent involvement and communication. Together, our love for children and the quality of education we offer creates a wonderful community of learners.

Our curriculum covers a wide range of academic areas including phonics, writing workshops, guided reading, math, science, social studies, the arts (visual and musical), fitness and movement, and social and emotional development.

We aim to promote well-being, self-help, collaboration, and independence. We value each child as a unique individual and encourage their curiosity through themes that have emerged from their own interests. Children face new challenges, make new discoveries, and happily celebrate their own efforts and

achievements and those of others while in a safe, loving, learning environment.

## 4s (Four-Year-Old) Pre-Kindergarten Program

### For children who are four before Sept. 1, 2025

The PreK Program is an age-appropriate instructional program that prepares students for a successful transition to kindergarten and beyond. It helps children advance their skills in core pre-academic areas such as phonics, math and science, while at the same time helping them excel in other essential areas such as art, social and emotional well-being, and health and wellness. Our child-centered approach ensures that children are exposed to a diverse array of learning activities, and that they thrive in all areas of childhood development, creative thinking, complex problem solving, empathetic collaboration, curious investigation and astute decision making.

We engage in and encourage each child's natural curiosity and interest in learning. Our goal is to have children actively participate in the learning process and provide them with the opportunity to complete assigned tasks with a level of independence. ### I wanted to share how much we love Tiger Tots!

*Atticus wasn't really happy at his old school, even though it was a great place. I initially thought he just needed to build some resilience, but seeing how much he dreaded going to school every day really broke my heart.*

*The minute he started at Tiger Tots, it was like a switch flipped. He absolutely loves it there now! He talks about his teacher and friends all the time, and he's even excited to learn Mandarin with a tutor at home. I think Tiger Tots has really helped him build his confidence. He's so much more willing to try new things, and he's just generally happier.*

*As a parent, I'm so grateful for the positive and encouraging environment you've created at Tiger Tots. It has made a huge difference in Atticus's life.*

## 3s (Three-Year-Old) Playgroup Program

**For children who are three before Sept. 1, 2025**

The Three-Year-Old Program is designed to encourage a balance of child-initiated and teacher-facilitated activities. This program offers children a variety of choices provided within a carefully prepared indoor and outdoor environment. This includes art, dramatic play, blocks, manipulatives, language arts, books, music, water and sand play, as well as activities to build large and small motor skills. Our goals include the encouragement of each child's natural curiosity and interest in learning. We feel it is important for children to actively participate in the learning process, and therefore provide many opportunities for learning by doing, for both indirect and direct acquisition of new knowledge and skills. The full-day program allows children with more opportunities to explore science, math, cooking, and movement. The program allows an easy adjustment for the child needing to remain with his/her teacher until the end of the school day as well as a short nap time. Our three-year-old classrooms are located at **Tiger Tots Place**.

Emphasis in these groups is on learning through play in an environment planned to encourage discovery, independence, and social interaction. In order to develop self-es-

teem and social competence, children are encouraged to help themselves, take initiative, and become increasingly independent.

*We wanted to take a moment to share how truly pleased and grateful we are with the preschool program.*

*Although Diana joined only recently, we can already see the positive impact it has had on her. Initially, we had some natural concerns about the adjustment period and whether she might feel stressed or disappointed. However, those concerns quickly disappeared. Her excitement to return every day and her eagerness to participate are a testament to the warm, nurturing, and engaging environment you have created.*

*We deeply appreciate your patience and professional approach, which have made this transition so smooth and joyful for her. It's clear how much effort and dedication you all put into making the preschool experience special for every child.*

*Thank you for everything you do!*
